

WINCHESTER  
COLLEGE

**SPORTS AWARDS**

**INFORMATION FOR CANDIDATES**

## GENERAL GUIDANCE

1. Sports Awards (Scholarships or Exhibitions) are available for entry at 13+.
2. Consistent with the school's commitment to the proper use of its charitable funds, sports awards carry no prima facie remission of school fees. However, in case of financial need, eligible parents may apply for means-tested financial support with the payment of school fees in the form of bursaries. Please see page 6 of this document for further details.
3. Parents of candidates for Sports Awards should also read the information regarding admission to the school on the school website. In brief, applications for entry at 13+ are made to boarding houses before the end of Year 5 (9+ to 10+), and interested parents are strongly advised to register before this date. However, candidates for Sports Awards will be considered even if they have not registered and do not have a place in a House. All places at Winchester College are offered subject to a satisfactory showing in the Entrance Examination or Scholarship Examination (Election). This includes those boys offered a Sports Award.
4. Notable ability in either of the major sports of **football** and/or **cricket** is highly desirable, although talent in other sports such as but not exclusive to those listed below will also be considered.

Golf	Tennis	Hockey	Athletics
Cross Country	Squash	Fencing	Martial Arts

Please note that rugby is not played at Winchester College

If parents are unsure whether their son's sporting profile would make him a worthwhile candidate for a Sports Award at Winchester College please contact the Head of Sport ([gem@wincoll.ac.uk](mailto:gem@wincoll.ac.uk)) to discuss. The school reserves the right to reject an application without assessment, based on information supplied by parents and teachers

5. In making awards we look at a candidate's sporting potential and commitment as much as at his achievement. However, successful candidates should be of county, academy or regional standard in their preferred sport(s). In deciding whether to make a sports award we will consider:
  - the talent of the candidate in his preferred sport(s)
  - the demand for talent in a candidate's preferred sport(s)
  - the ability of the candidate to contribute to the sports programme at the school.

If on consideration of the above it is felt that a candidate does not quite meet the criteria to be a Sports Scholar but deserves recognition for his sporting talent then a Sports Exhibition may be awarded.

6. Candidates for 13+ entry must be under fourteen years of age on 31 August following the assessment. They will need to be at Winchester College for a sport assessment which will be held in January of the year of admission. The dates of the assessment will be published on the school website. Unless they are taking Election (the academic scholarship examination) in May, candidates must take the Entrance examination at their own schools the term before coming to Winchester.

7. The successful candidates will normally enter the school in the September of the year in which the examinations take place, though 13+ awards are open to boys already in the school providing that they are under fourteen on 1 September. It is not possible to reapply in order to enhance the value/status of an award already given. The Headmaster reserves the right to allocate holders of Sports Awards to any boarding house in the school, but will of course take parental preference into account.
8. Successful candidates, on entering the school, will be given the opportunity to pursue sport to such an extent as the Headmaster (in consultation with the Head of Sport) may think desirable, and they will be expected to play a full and positive part in the sporting life of the school. The continuation of awards is subject to satisfactory progress and commitment. Parents and successful applicants will be required to sign an agreement which commits Sports Award holders to fulfilling their obligations.
9. Forms of entry may be obtained from the Registrar's office (details) and should be returned, accompanied by a photocopy of the candidate's birth certificate, by the closing date given on the school website.

## THE ASSESSMENT

The assessment process is designed to give an all-round view of the sporting ability of the candidate, and in order that they can give their best, we try to make them as relaxed as possible.

The Assessment Day will be split into three parts and will seek to assess the physical, technical, tactical and mental abilities of the candidates:

- **a general sport assessment**
- **a sport specific assessment** based on the candidates preferred sport(s)  
Most candidates will undergo only one sport specific assessment. If, however, they feel that they genuinely have two sports of equal or near-equal potential we will do our best to enable assessments in both.
- **an interview** with a member or members of the Sports Department

## PROCEDURE FOR ACCEPTING SPORT AWARDS

Offers will be sent out within a week of the Assessment Day. Parent(s) will need to accept, in writing, any offer within three days of it being made.

## CONDITIONS OF SPORTS AWARDS

In addition to the general terms and conditions applicable to all pupils set out in the Parent Contract, all Sports Award holders are required to:

- involve themselves fully in the sporting life of the school, prioritising their sporting commitments ahead of other extra-curricular activities. Award holders should represent the school in at least three sports in both JP and MP (the first two years) and at least two sports during VBk and VIBk (the final three years).
- set an example to others through their positive intent, commitment and demeanour both on and off the sports field. Award holders will be expected to promote the highest level of sportsmanship amongst their peers and fellow Wykehamists, upholding the standards of fair play and respect.
- apply the life-skills and attributes learnt as a Sports Scholar to maximise their potential both on and off the sports field.
- use their experience and knowledge to support and encourage others.
- set and achieve the agreed physical, technical, tactical and mental targets.
- understand that their award will be subject to annual review.

The school will provide all award holders with:

- specialist coaching sessions, paid for by the college, focusing on the award holder and his core sport(s)
- a regularly assessed strength and conditioning programme.
- a selection of lectures, workshops and presentations based on various aspects of sport (e.g. nutrition, sports injury, rehabilitation, sports psychology etc).
- a tutor from the Sports Department to help an award holder achieve his sporting goals while maintaining a sensible and sustainable routine in the school.
- permission to attend external county level (or equivalent) training sessions, with the proviso that these do not have a detrimental effect upon his academic studies or overall contribution to the sports programme.
- bursarial support in line with current school policy. Sports Awards do not themselves result in any fee remission.

## **BURSARIES**

Bursaries are available on entry to the school and can be for up to 100% of the fees. The full boarding fee for the year can be found on the school website. Fees are payable in advance of each term.

Parents/guardians of Sports Award holders who will need bursary assistance with fees must submit a Bursary Application Form at the same time as the Sports Award Entry Form, the closing date for which can be found on the school website. The school will adhere strictly to this closing date.

The Bursar will notify parents/guardians of the value of any award in good time. Where practicable, the school will endeavor to notify parents of the level of the award, if any, at the same time as the results of their assessment. This enables parents to make an informed decision in full possession of all the facts.

More information and guidance about bursaries can be found on the School's website at: <http://www.winchestercollege.org/bursaries>.

Details of the Bursary Scheme and application forms can be obtained from:

Mrs W A Neville  
Tel: 01962 621271  
Email: [bursaries@wincoll.ac.uk](mailto:bursaries@wincoll.ac.uk)

The Bursar, Mr Steven Little, maintains contact with a wide range of Educational Trusts, from which additional funding is occasionally available, and can offer advice about these on request. Please contact Mrs Neville as above to enquire.
